GENERAL:

Indo American Fair is primarily organized to spread and share the art, culture and heritage of India amongst our American friends and other local and regional communities. The platform of the Fair also serves local artists in particular and others in general to present their work. We are promoting a number of artists, art schools and rendering them opportunities to perform on stage and display their presentation of work without any monetary consideration. In the nutshell, the crux of the fair is to promote the cultural diversity and expand cultural participation of different communities.

In view of the many facets of the Fair and presentation of varied art and culture activities during the festival, the Fair has essentially prompted the responsiveness of the needs of local, regional, and other communities seeing the patronage of the people to the Fair. Hence Indo American Fair has established itself as one of the premier cultural entity among the community. It has been the endeavor of the organizers to emphasize on vendors to display and present such artistic quality items as are generally accepted and likened by the public in the spirit of the festival.

We are expecting vendors from all over USA to participate and display their various articles of arts, craft, handicrafts, costume jewelry, fashion wear, ethnic dresses, paintings (both contemporary and traditional) and so on.

Let us all get together and make it a memorable and unforgettable event!
